## NASA sponsoring local educational program

BY D.C. HARVILL

Education, civic and government leaders from across the Coast attended a meeting at Stennis Space Center Friday morning announcing a program designed to spark interest in math and science among school children.

The Community Involvement Program, to take place

April 16 to 28, will include 138 schools in Hancock, Harrison, Pearl River and Jackson Counties.

"NASA wants to be a catalyst between business, government and education," said Mack Herring, Space Center information officer. "In order for that to succeed we have to have the cooper-

ation of all the communities involved."

Among those present at the meeting were representatives of Governor Ray Mabus' and State Superintendent of Education Richard Boyd's offices, local county and municipal officials and representatives of several large corporations.

Teacher in Space candidate

and coordinator for the Community Involvement Program in Paducah, Kentucky, Sue Darnell, was the guest speaker for the meeting.

"We've heard from NASA that the Paducah Community Involvement Program is the best in the nation, so we especially wanted Sue to be here," Herring said.

"The program serves to excite the students and stimulate them to want to learn more. It also teaches them that NASA isn't just going to the moon, but benefits mankind, all of us on Earth," Darnell said following the meeting.

The program will include guest speakers from other NASA facilities and other government and private sector agencies, workshops for teachers, a major exhibit by NASA to be

## Consolidation forum still set for Jan. 5

BY DENA BISNETTE

Although officials of the Hancock County and Bay-Waveland School Districts have been unable to schedule a joint meeting on consolidation, the Bay-Waveland School District is going on with a planned public forum.

The forum is scheduled for 7 p.m. Jan. 5 at Bay Junior High Auditorium.

Bay-Waveland Superintendent of Education suggested the public forum last week when the board was trying to set up a joint meeting to discuss a proposed resolution by the Hancock

County School Board which suggested consolidation of high schools rather than full consolidation.

Oge' and several board members felt public input would be important in making a decision on the proposal. However, he does not have full board agreement on the forum because at least one board member, Charles Benvenuti, has stated that he would prefer to wait until after the joint meeting in order to be able to present better information to the public.

Benvenuti was the board member who made the resolution asking for the forum.

The Hancock Board was not able to meet at the Bay-Waveland Board's suggested meeting time, which was Thursday night, because they were waiting for further information on consolidation their attorney was obtaining, and some of the Bay-Waveland school trustees were not available for Monday, the day the Hancock Board suggested for rescheduling.

Oge', however, said he has been doing some research on the question, and board members

## Cannon pleads innocent

District Attorney Glenn Cannon, arrested last week, was indicted Thursday by a federal Grand Jury in Jackson.

He entered a plea of innocent to two charges of bankruptcy fraud and one charge of obstructing justice.

Cannon is charged with obstructing justice because he allegedly threatened an unnamed person to keep a possible crime from being reported.

The other charges stem from allegations that Cannon testified falsely in the bankruptcy proceedings for Gulfport oilman Jerry Lampley, stating that he had accepted money from Lampley for legal fees when no legal work was done and that Cannon concealed money from Lampley's bankruptcy trustees, then used it as a downpayment on a vehicle.

Maximum sentence for the combination of charges could be as much as 20 years in jail and \$750,000 in fines if Cannon is convicted.

He was freed on a \$5,000 personal recognizance bond with orders from U.S. Magistrate John R. Countiss III to restrict travel to the state of Mississippi.

Cannon's trial was set for Feb. 13 before U.S. District Judge Walter Gex III. His attorney is Alvin Binder of Jackson.

## Ammo plant shutdown will begin in 1990

The Mississippi Army Ammunition Plant operated by Mason-Chamberlain Inc. at Stennis Space Center will be shutdown by 1992, according to reports from the Pentagon Friday.

Closure of the plant, which manufactures artillery shells for the Army and Marines, will begin in 1990 and phased-in until complete shutdown in 1991.

A spokesman for Gen. Paul

Greenberg, deputy chief of staff for Ammunition at the Army Material Command Center in Alexandria Va. is quoted as saying, "No other alternative exist. We will make every attempt to minimize the impact through a gradual shutdown and by assisting the work force to find new employment."

Approximately 1,700 people in Hancock, Harrison and Pearl River Counties and St. Tammany Parish, Louisiana will lose their jobs to the shutdown.

Reportedly, the only way the plant will continue in operation is if buyers for the artillery shells produced there can be found among the United States' foreign allies.

Explanations given by the Army for the shutdown include a reduced ammunition budget and the need to manufacture a new projectile which the plant is not geared to produce.

The plant, which opened in 1983 at a cost of \$434 million, has a history of problems. A 1986 explosion injured six people, two of whom have filed \$1 million federal lawsuits against the U.S. government, claiming negligence by the Army.

The plant has also been plagued by layoffs. Most recently, 229 workers employed in the Load, Assembly and Pack section of the plant on Tuesday were furloughed after an "abnormally high number" of cracked grenades, which go into the shells, were found in the loading process.

The furloughed workers are expected to return to work Monday.

At the time of the latest furlough, LAP employees got word

## Breaux state director of Farm Bureau Assn.

Don Waller, a 56-year-old Lafayette County cotton and timber producer, has been elected president of the Mississippi Farm Bureau Federation. Waller defeated Hugh Arant of Ruleville for the office during the federation's annual convention in Jackson, Dec. 4-6.

As the seventh president of the 66-year-old organization, Waller pledged to make "serving the membership" as the number one priority under his administration. He said, "All of our services are important, but we must concentrate on improving the net income of farmers. That has been and will continue to be Farm Bureau's primary objective."

Waller, formerly federation vice president of the organization's northern district, has been an active leader in Farm

Bureau for over 15 years. He is also an active participant in the Oxford/Lafayette County business community, as well as in the Mississippi Cattlemen's and Forestry Associations.

The newly elected Farm Bureau president and his wife, the former Patsy Hardin, are the parents of three children. The Wallers are members of the Clear Creek Baptist Church. In addition to their farming interests, the family also operates Waller Funeral Home in Oxford.

Joining Waller in leading the Mississippi Farm Bureau Federation, as vice presidents, are Gilford Smart of Prentiss County, J. R. Carter of Sharkey County and Zack E. Strong of Copiah County.

The voting delegates also elected the following leaders to serve on the federation's State

Board of Directors: Charles Monroe, Tishomingo County; Lowell Hinton, Alcorn County; Jaby Denton, Quitman County; Wilburn Stephens, Itawamba County; Jack Warner, Winston County; Billy Joe Ragland, Yazoo County; Paul Howse, Wayne County; Harold Simmons, Hinds County; Charles Wells, Adams County; Carter Dees, Jones County; and L. J. Breaux, Hancock County.

Berta L. White, of Lauderdale County, was re-elected as chairman of the Women's Committee, and Mike Allen, of Neshoba County, was chosen as chairman of the Young Farmer Committee. They will also serve as members of the board of directors.

Warren Oakley of Starkville, a long-time Farm Bureau leader, was named as an honorary vice president.

## "QUOTABLE QUOTES"

By Ellis C. Cuevas

It seems the residents of Bay St. Louis are going to have a long term election time in the months ahead. Losing two Councilmen in the special election for Supervisor last month, there will be a special election in January to fill these seats.

There will be an election for District Chancery Court Judges on Mardi Gras Day. This will involve the qualified electors of Bay St. Louis.

In May, the regular City of Bay St. Louis elections will be held for mayor and councilmen.

So it looks like Bay St. Louis' qualified electors will be busy in 1989 going to the polls.

Saturday was probably the coolest day of this season for our area, yet there were a host of folks washing vehicles of all things to help a very worth cause, the Hancock County Doll and Toy fund.

City, county and state elected officials were joined by firefighters, St. Stanislaus Key Club members, students, city workers and volunteers from 9 a.m. until after 4 p.m. keeping a line of vehicles moving.

State Senator Gene Taylor, coordinator for the car wash reported some \$550 in donations had been received for the benefit.

This means there were many residents who made a contribution to the car wash which in turn will help make Christmas a little brighter for a few more deserving youth of the county.

Bay St. Louis mayor Victor Franckiewicz was happy with the number of helpers and persons who made donations to the car wash.

It is always good to see so many people working together for a worthy cause. We even noted one girl, aged seven, wiping windows to help. Of course she is the proud daughter of a firefighter who worked from the beginning of the car wash Saturday until the end. Thanks to everyone for their help.

We know there must be many anxious boys and girls who are counting the days until Christmas.

They are eagerly waiting to see just what Santa will leave under the tree for them.

It was some years ago when I would be just as anxious with only a week to go until Christmas.

It is hoped that every deserving boy and girl will receive all of their wishes for Christmas.

We know there are some parents who keep reminding their children that Santa will not bring them any toys if they do not behave. We wonder just how many boys and girls have heard that statement during the past few days.

It is good to hear about the many good deeds which are done in our county, especially at the Christmas season.

There are many organizations, businesses, and individuals who prepare Christmas baskets for deserving families, clothing for deserving children and yes, toys too.

There are those volunteers in our community who work throughout the year helping our fellow man, as an example, the Hancock County Food Pantry. The Food Pantry supported by so many, works throughout the year putting food on the tables of those without any.

We are fortunate to live in a community where there are those who think about their fellowman and this is a wonderful place to live.

We hope everyone will remember the true meaning of Christmas and carry out that meaning throughout the coming year.

**UNITED WAY NEARS GOAL**—The Hancock County United Way with a goal of \$70,000 has now received pledges and contributions amounting to \$67,863. Campaign co-chairmen Lonnie Clayborn, left, Clarice Gustin and Randy Castello moved the barometer to near the top on Thursday following a 1988 campaign meeting. David Treutel Jr. is campaign chairman with Jo Ann Lagasse, Sherrell Johnson, Pat Harvill, Ken Walker and Steve Planchard serve as co-chairmen. Hancock County's United Way funded 18 agencies in 1988. The 1988 campaign is scheduled to run through December 31. (Echo staff photo by Ellis Cuevas)

## Litter prevention program adopted

Mississippi will become the 14th state to receive certification as a Keep America Beautiful System State in ceremonies to take place in the Old Supreme Court Chamber of the New Capitol this week.

Roger W. Powers, national president of Keep America Beautiful, will present the certification to Lieutenant Governor Brad Dye. Also participating will be the Mississippi State Highway Commission, Keep Mississippi Beautiful President Jim Buck Ross, and the Board of Directors of the Keep America Beautiful System in Mississippi.

Mrs. Chauncey Godwin of Tupelo, board chairman, said the certification ceremonies will officially inaugurate a new comprehensive program of litter prevention in Mississippi.

Godwin said the KAB system is a national network which individual cities join, similar to a franchise system. Systems must have equal support from local government, the business community, and a broad-based volunteer organization. The national association provides training for local staff and volunteers, educational material, guidelines for implementing various programs, and a continuous exchange of information among system communities.

The KAB program includes updating and enforcing ordinances regarding litter and trash, promotion of recycling, and broad public education efforts. The focus is on long-term change in the public's attitudes and behavior, rather than short-lived "clean-up" campaigns, Godwin explained.

The statewide organization will serve as a medium for exchange of ideas and educational materials among Mississippi cities; provide assistance to local communities in becoming certified through the national system; and will conduct a public awareness and education campaign at the state level.

"The KAB system has reduced litter by as much as 32% in the first year and up to 80% within five years in system communities. We believe this program can make a significant contribution toward improving the appearance and image of Mississippi, and we want to enlist the support of all concerned citizens in this effort," Godwin said.

The program was authorized by the 1988 Legislature under a bill authored by Senators Glen Deweese of Meridian, Jack Gordon of Okolona, Bill Canon of Columbus, and Robert Monty of Greenville.

The legislation allowed the Mississippi State Highway Department to enter into a contract with Keep Mississippi Beautiful, Inc. to develop, administer, and direct a statewide litter prevention program and

to contribute \$100,000 of highway revenue to a special Litter Prevention Fund.

Anyone desiring more information about the program should contact Roy Stalnaker, program coordinator, at 5135 Galaxie Drive, Suite 305C, Jackson MS 39206; telephone number 982-9461.

## LETTERS TO THE EDITOR

### Seniors be aware of costly catastrophic care bill

To the Editor:

Subject: Medicare Catastrophic Protection Act

Dear Sir:

It seems that this bill roared through Congress without clarification to Congressional members and without clarification to any of the 12,000,000 taxpayers who will be forced to finance it.

Had it not been for articles published by the Retired Officers Association and the AARP, we would still be in the dark about this "Catcap Catastrophe."

We will not only be subjected to rising Medicare costs which will be forced upon us, but we will also be forced by law to pay unfair surtax charges on our income tax returns.

This vicious tax scheme will begin on January 2, 1989, and continue to rise to \$43.00 per month and a single person could

pay as much as \$1,050.00 per year supplemental premium in the form of a surtax; couples would pay double that amount, or \$2,100.00 per year.

We feel that most elderly citizens who pay income taxes are now carrying supplemental health insurance to cover some of the bills which Medicare does not pay. This new program will pay only a small portion of the catastrophic coverage which we need and want; however, we will be paying too much for the program. Only the very poor will be exempt from the mandatory surtax provision.

We urge all senior citizens to contact their congressman immediately in order to prevent this discriminatory law from placing such heavy financial burdens on the "over-65 population."

Yours truly,  
Mr. & Mrs. James C. Phelps

## THE PEOPLE'S BUSINESS

From the Mississippi Economic Council

Leaders in the Soviet Union seem to be realizing what Americans have known for quite some time -- the democratic form of government is unparalleled in service to its people.

Constitutional changes proposed by Soviet President Mikhail Gorbachev received almost unanimous approval, but the negative votes themselves are an indication of what the new political reforms will bring to one of the most powerful nations on earth.

The parliament registered its very first "no" votes just one month ago, after years of unanimously approving directives from the Kremlin with no

debate held to examine the issue.

In his address to parliament, Gorbachev reminded deputies that political reforms are necessary, or "the drive for perestroika inevitably will begin to skid." He also informed the deputies that this was to be their final session before a March 26 election to elect a new, 2,250-member Congress of People's Deputies, designed to be more representative of the whole Soviet Union.

Perhaps the leaders in the Soviet Union will also realize the benefits of capitalism and make it their economic way of life.

**BENEFIT CAR WASH**—A host of volunteers wash cars assembly line fashion on Saturday in the parking lot of Peoples Bank as a benefit for the Hancock County Doll and Toy Fund. State Senator Gene Taylor, coordinator, reported some \$560 in donations were received from the car wash. State, county and city political leaders were joined by firefighters, St. Stanislaus Key Club members, city workers and volunteers for the annual event. Last year the Hancock County Doll and Toy Fund, an agency of the United Way provided toys to almost 900 deserving boys and girls. (Echo staff photo by Ellis Cuevas)

## Consolidation..... Continued from Page 1A

bers still plan to accept public input through letters. The addresses of the board members accompany this article.

Speaking for the Bay-Waveland district, Oge' stated, "The board is aware of the fact that the schools belong to the public, serve its children and are supported by its taxpayers. Hence, they earnestly seek the public's input into their discussions."

"Consolidation is a complicated matter and has much controversy associated with it. Any attempt to summarize the issues of consolidation and its major points can be criticized as being overly simplistic."

However, Oge' said he has attempted to compile some information regarding the issue in order to give the public a few facts before Thursday night's forum.

The superintendent said that there are several forms of consolidation, including full consolidation in which the two school are combined to make one district.

The state already has several consolidated districts.

"Total consolidation in the case of our area would mean the formation of only one school district that would consist of all of Hancock County including our two cities," he said.

"If all schools were in one district, then the present two school boards would be dissolved and a single, five-member board would be elected."

"Such consolidation would also require that only one superintendent and one central office operation would be in place rather than the two as present."

"Other types of consolidation include combining programs or other school operations," he added.

Oge' added that consolidation would not be likely to cause lay-offs in the two present districts, which are among the county's larger employers.

There would still be the same number of children and the personnel needs would remain roughly the same.

However, administrative staff and costs might be affected to some degree.

"Due to the possible reduction in administrators—one superintendent, one business manager, one director of maintenance, one supervisor of food service—an argument can be made that reduced expenditures may occur. However, a counter position can be taken that the larger school system would require more personnel and thus neutralize any possible savings," Oge' explained.

"Another advantage may be that due to the county's rapidly expanding tax base, the school taxes for the municipalities may be lessened or held more stable. Assuming a continuing disparity of tax bases between the county and the municipalities, this possible future tax savings for the cities may be very real."

"Lastly, many other advantages appear to exist, with the greatest possibly being that under one school system with one set of curricula guided through unified efforts, the school children may be better served," he said.

Oge' said he also found some disadvantages to consolidation. For one thing, it has not been determined what is the most effective size school district and many citizens argue that a larger school district causes a loss of local identity and reduces the amount of public pride in the schools. Without that support, bond issues and other improvement efforts could be hindered.

There may also be some difficulty in governing a consolidated district due to the differences in opinion of city residents and rural people, the superintendent added.

In addition, all of the presently elected and appointed board members would have to run for office in order to continue serving the consolidated district.

The process of consolidation must, under state law, begin with a decision by both of the school boards to consolidate, but the voters would have the ultimate decision because the matter could be brought to a referendum.

In order to have an election on the matter, 20 percent of the voters from either of the two districts would have to file a

petition for a referendum.

"Another issue that has not been addressed is the talk coming from the county about a hybrid consolidation of the high school," Oge' added, explaining that doing so requires the Bay-Waveland District to assist the Hancock District with construction money.

"I see major legal and ethical problems with this because during the public hearings on passing our bond issue the board and the superintendent assured its constituents that the money would be expended on a highly specified building program. Up to this point, we are on schedule with that program and have expended the tax monies resulting from the bond issue in exactly the manner we assured the citizens we would," Oge' commented.

"However, I personally believe that the county, including the municipalities, is growing at a rate rapid enough to justify two high schools. We can expand and diversify the curriculum with two high schools, with each high school offering the basic core and courses unique and suitable to their particular and respective constituencies."

Oge' said anyone with questions or comments on the major issues of consolidation may attend the public hearing, write to board members or call his office at 467-6621. In addition, surveys will be distributed to students for their parents and will be available at the public hearing.

"This program gives us a chance to get kids excited about what can be done in math and the sciences. We hope after the germ has been planted it will have a long-lasting effect. We have to look forward to the future of our workforce."

"We have nearly as many students from other countries in our colleges as we do from this country. We want our kids to take advantage of those education opportunities, because we want to stay in the front in the fields of science and technology," Herring said.

Herring said the program has already generated a "great deal" of excitement and positive response.

This program extends the active role the Space Center has taken in local education. Currently, it sponsors several schools in the area including Charles B. Murphy Elementary in Pearlinton.

"In the long run it's got to be good not only for the kids, but also for the future of our programs," Herring said.

# New commission could be formed to run shelter

BY DENA BISNETTE

After several months of controversy over the lack of room to expand the county's only animal shelter and the disbanding of the Hancock County Animal Commission, it appears that a new commission can be formed.

Waveland, which had taken over the shelter on the grounds that the city owned the property and was providing most of its funding through services supplies to it, had formed its own commission.

Bay St. Louis Mayor Victor Frankiewicz Jr. addressed the Hancock County Board of Supervisors Thursday, saying he had met with the Waveland Animal Commission and that they might be willing to form another tri-entity commission if certain conditions are met.

One of the conditions was simply an increase in the amount of money the county and the City of Bay St. Louis puts into the shelter, with the county putting in the largest share based on the number of animals the county sends to the facility in proportion to the number contributed by each of the two cities, Frankiewicz said.

Both the county and Bay St. Louis have continued the contributions to the animal shelter and Waveland has continued to take dogs and cats from those two areas on a space available basis.

The supervisors have discussed the possibility of increasing their contribution in work sessions and have said

that the increase could probably be arranged.

The other condition is that the new tri-entity commission be considerably smaller than the old Hancock Animal Commission, which at one time was as large as 17 members.

Frankiewicz said the Waveland commissioners had suggested that something be formed on the order of the Waveland Regional Wastewater Management District's board, which has three members, one from each political entity.

Past controversies have erupted over just how the Hancock County Humane Society

should be involved in shelter management and at one point there were discussions between commissioners and the Waveland Board of Aldermen regarding whether volunteers should be allowed to handle the tax revenues provided to the shelter.

Frankiewicz told the board Thursday that he felt the society should be "thoroughly involved" in the animal shelter, although there was no specific discussion regarding the public funds.

He said it may be possible for the tri-entity commission to contract with the society for the operation of the shelter.

With regard to the lack of space at the current shelter, Frankiewicz explained that Waveland Mayor John Longo Jr. has changed his opinion on whether the current shelter, located on Waveland property behind Fire Station Two on Gulfside Drive, can be expanded.

He has originally stated that the shelter could not be

expanded and that grant regulations could prohibit use of wastewater district property for a larger animal control facility, Frankiewicz said.

The supervisors have asked Frankiewicz and their attorney, Gerald Gex, to draw up a proposal on the matter.

The board meets again at 9 a.m. Dec. 28 in the upstairs boardroom of the Hancock County Courthouse.

## GCCC hotel, restaurant management best in state

The Hotel, Motel, Restaurant Operation program at Gulf Coast Community College's Jefferson Davis Campus has been recognized as the best such program in the state.

The program recently received the 1988 Mississippi Award of Excellence from the National Restaurant Association and the American Vocational Association. The competition included five other such programs in the state.

Participants in the nationwide contest were sent a questionnaire requesting information about curriculum, teacher's background and qualifications, student place-

ment records and other factors contributing to the quality of the program.

This program has been operating on the Jefferson Davis Campus for almost 20 years and has been under the direction of Himbert Sinopoli, the instructor, for 17 of those years.

## Washington St. home saved by quick report, response

BY D.C. HARVILL

The home of a Bay St. Louis woman was damaged by a kitchen fire late Thursday night, according to Fire Chief Andrew Lizana.

The fire in the Washington Street home of Ethel Faircnetue apparently originated with a frying pan left on the stove, the chief said.

Damage to the home was confined to the stove, and the

cabinets, ceiling and floor in the kitchen.

"The home was occupied and it was a good thing it was so someone was there to report it so soon," Lizana said.

According to the fire report, 13 Bay St. Louis firefighters responded to the call.

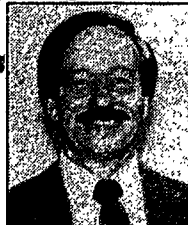

"I like to see that kind of response," the chief said.

# Diamondhead Krewe stages annual Coronation Ball

The Krewe of Diamondhead held its annual Coronation Ball on Saturday, Dec. 3 at the Diamondhead Country Club, which was decorated with masks, streamers, flags and fresh flowers in the traditional carnival colors of purple, green and gold.

The official song of carnival, 'If Ever I Cease to Love,' was played as the officers of the Krewe of Diamondhead were introduced. The officers are captain, Benny Mistretta; president, Henry Burkhardt; secretary, Clarice Gustin; treasurer, Jerry Bourg; parade lieutenant, Chris Arnos; social lieutenant, Bill Neff; way and means lieutenant, Ted Godard and his assistant Ronald Bankston; and publicity lieutenant, Hilda L. Captain Mistretta presented the 1989 royal couple, King Ali'i Honua XIV Herbert A. Larson and Queen Dot Rickson Hoskins, who was attired in a royal-blue ball gown. After the official crowning ceremony, the traditional toast was lead by Mistretta declaring Diamond-

head's Carnival festivities had begun. A special toast to the spouses of the royal couple followed.

Entertainment was provided by 'Komenka Ethnic Dance and Song Ensemble' from New Orleans. Music was provided by 'Spectrum.'

Past Krewe of Diamondhead kings and queens who were in attendance were King Ali'i Honua II Wally Little; 1980 Queen Lee Fredian; 1981 Queen Alice Little; 1983 Queen Hilda L. **SANTAS HELPERS**—Decked out for Christmas are these crew members in the recent Christmas Parade of Lights in Diamondhead.

## CLUBS, AUXILIARIES

### Diamondhead Boaters

The Christmas Parade of Lights, Saturday night, December 10, was spectacular, despite the cold and rainy weather.

Nine brilliantly lighted boats - the Lazybones, Barcavella, Sea Hawk, Sea Lark, Odom's Folly, Encounter, Marge's Mink, and the D'Ville, preceded the KayBee with Santa aboard.

After passing before the spirited crowd at the Yacht Club, Santa joined the excited children awaiting him at the Ship's Store for as jolly time of Christmas gifts and wishes. Many boaters gathered at the Yacht Club for dinner where all captains received plaques in honor of their participation.

### Pass VFW Auxiliary 5931

The Ladies Auxiliary of the VFW Post No. 5931, Cecil R. Rud-dock, Pass Christian held their monthly meeting on Dec. 8 at the post.

The meeting was opened by the president, Shelia Ladner. Opening rituals were read by Ernestine Bradley, acting chaplain. Julia Cerra, secretary, read the minutes of the last meeting. The treasurer's report was given by Pat Necaise, treasurer.

The following reports were given:

Dixie White House: Evelyn Lizana reported that preparations were under way for the Christmas party, where there will be 60 patients attending.

Safety: Inez Bourdin reported that she received \$50.00 donation for the Burn Center.

Americanism: Liz Callahan gave a report on "The Voice of Democracy" dinner and awards which was held recently. She said that good articles appeared in the Sun-Herald, Sea Coast Echo and The Tarpon Beacon. She also spoke about Pearl Harbor Day. A motion was made by Mrs. Callahan that 500 rulers would be purchased for children in the various schools. This motion was seconded by Mary Stickling and all were in favor of said motion. The cost of the rulers will be \$60.00.

Community Services: Edith Tabor asked that she be notified of the different events taking place.

Membership: Pat Necaise reported that the auxiliary was now 90% towards goal. She said we are lacking 18 members of being 100%.

Mattie Mitchell asked if we would like to cater the annual dinner held for Pass High Alumni. Liz Callahan made a motion that she would be the chairman for the dinner. Laura Reuger seconded the motion and all were in favor. The president told everyone that the Buddy Poppy sale would be held at several locations on Sat., Dec. 10. She asked for volunteers to help with the sale.

The next meeting will be Jan. 12 at 7 p.m.

### Professional Secretaries

**GARDEN OF THE MONTH**—The wooded yard of Maj. and Mrs. Robert Selle at 111 Gulf Dr. has been selected by the Bay-Waveland Garden Club as Waveland's garden of the month for December. (Echo staff photo by D.C. Harvill)

### Bay-Waveland Garden Club

With each member in attendance wearing a hat decorated in the Christmas theme, the Bay-Waveland Garden Club Christmas party at the Garden Center on December 8, was a smashing success. There were hats with flowers, ribbons, holly, ornaments, tinsel, balloons, lights, - some funny, some fancy, some elegant and beautiful.

The festivities began with the Pledge of Allegiance led by Mrs. Peter Brotmeyer who presided in the absence of the president. Mrs. Matt Hunter read a lovely poem for the devotion. Mrs. John Holmes gave an interesting and very thorough history on "butterflies".

In keeping with the 50th anniversary year celebration of the Bay-Waveland Garden Club, Mrs. Holmes pointed out pictures in the 1948 scrap book of the club showing members wearing hats from the very first hat show that could be found on record.

Mrs. David Los Calzo, program chairman for the Christmas party, complimented the members for their cooperation and 100% participation in the hat show. She then introduced Mrs. Clarence Evans who entertained us with the lovely story of "The Little Star," by Richard Blanchard.

Mrs. John Holmes led the group in singing Christmas songs, and all were in good voice.

Before enjoying a delightful repast from the beautifully decorated Christmas table, Mrs. Evans, hostess chairman, introduced her committee who wore red santa stocking caps on their heads. Doing a wonderful job of serving and pouring were: Mrs. Fred Logan, Mrs. Dorothy Brown, Mrs. Robert Pritchett, Mrs. A.G. Dantagan, Mrs. Gerard Ford, Mrs. Raymond Werner, Mrs. S.P. Cucullu and Mrs. H.D. Warner.

In keeping with the spirit of giving at this particular time of year, the Bay-Waveland Garden Club is proud of its' members who once again filled boxes with food for the food pantry.

The Garden of the Month of December was awarded to Mr. John and Mrs. Dennis Carver of 750 Dunbar, Bay St. Louis, and to Dr. and Mrs. Robert Selle, 111 Gulf Drive, Waveland. The Commercial Beautification Award recipient for the month of December is Waveland City Hall, Coleman Ave., Waveland.

# Krewe of Kamehameha crowns King and Queen

The Krewe of Kamehameha gathered at the Country Club on Saturday night, November 26, for their Coronation Ball, honoring King Akua Kai XV, Curtis Stout, and Queen Gladys McCook, who will reign over the 1989 carnival activities.

Ball chairperson Ann Neff and her committee - using the Krewe's Mardi Gras theme, "Boaters Remember" - decorated the Coral Room with glittering carnival colors and its tables with memorable touches of happy times past.

Moderator Tom McMurry, Commodore Tom Ballard, and Vice Commodore Mike Doherty officiated at the ceremony which included recognition of The Krewe of Diamondhead's King Alii Hauna XII, Charles Johnson, and Queen Betty Claggett, and Prince Herbert Larsen and Princess Dorothy Hoskins, King and Queen for 1989.

All former Kamehameha monarchs were introduced and much appreciation was given to the social chairperson, room and table decorating committees and all who contributed to the festive evening. King Akua Kai XIV, Bob Barber and Queen Betty McMurry

enjoyed the homage of their subjects before passing their crowns to the new monarchs, who promenaded to the cheers of the crowd. After assuming their thrones, King Akua Kai XV and his Queen were offered and returned many toasts presented with tributes and gifts from the Krewe, and received their royal flags, created and

presented by Ida Mae Snow. Dancing to the music of The Shamrocks followed the coronation and a delicious prime rib dinner was served. The performance of several nostalgic songs by Madeline Prima brought back happy memories to the boaters and added to future memories of a royal evening.

CAROLING FOR THE SENIOR CITIZENS, from left, are Claudia Murphy, Pat Gibson, Sam Dorsey and Sherry Schwabacher. The foursome was accompanied by Mayor Victor Franc-kiewicz Jr. on piano and Bill Johnson on bass guitar. The entertainment preceded the annual Christmas luncheon that American Legion Post 139 provides for the Hancock County Senior Citizens each year. Auxiliary Unit 139 assisted by serving the meal. IMPROMPTU ENTERTAINMENT—Hancock County Senior Citizens Director Eve McDonald joins in carols with an unscheduled singing group Wednesday at Clement R. Bon-temps American Legion Post 139's annual senior citizens luncheon. The singers, a group of auxiliary members who had expected to serve the meal rather than perform, were collected out of the kitchen by Auxiliary Unit 139 President Janet Aime to fill in until the scheduled entertainers arrive. From left are McDonald, Judy Gavney, Aime, Shirley Clements, Bobbie Tomlinson, Evelyn Burns and Nell Sanford. (Echo staff photo by Dena Bisnette)

### STAR QUALITY

Some say Noel Coward's fictional Lorraine Barry was based on stage star Gertrude Lawrence. Perhaps, for the similarities are striking.

Barry is the central character in Coward's "Star Quality" short story: a tempestuous, neurotic, often malevolent actress when she doesn't get her own way. Much like Coward's real-life sparring partner, Gertrude Lawrence.

This dramatic tale of backstage intrigue, which is being rebroadcast at 9 p.m., Sunday, December 18, on Mississippi ETV on "Masterpiece Theatre," stars Susannah York as the irascible thespian who fights a running battle with her beleaguered director.

## JA Santa's House: A gift of love

BY JANET MCQUEEN

There are no price tags on gifts in "Santa's House".

They are free for the taking by 'special shoppers', children enrolled in the Special Education Department of the Bay St. Louis School System.

Sponsored by the Bay St. Louis Junior Auxiliary, the annual event was enjoyed by three classes Friday at North Bay Elementary School.

This year the "Life Skills"

class of 14-21 year-old students at Bay Senior High School and two elementary classes participated in the program.

Refreshments were provided by senior citizens of R.S.V.P. Gift wrapping was offered by members of Our Lady Academy Campus Ministry Program, Ramona Martinez, Julie Rutherford, and Alison Miller. Keepsake quilted ornaments were distributed by the Quil-

ter's Guild.

The Junior Auxiliary, a civic organization whose primary focus is the welfare of children, collected toys, household and personal gift items to provide a wide assortment of choices for the young shoppers.

In recent years, teachers awarded tokens to the students for good behavior and various achievements—which they used to "purchase" gifts for their families. For many of the child-

ren, it is the only opportunity they have to obtain a gift for their mother, father, sister or brother.

The token system was suspended this year, although the enticement of "Santa's House" provides a stimulus for good behavior.

The project is a favorite among Junior Auxiliary members. Yvonne Raphael was chairman.

**ST. VINCENT DE PAUL DONATION**—The Small Merchants Association of Choctaw Plaza in Waveland recently donated \$500 to the Our Lady of the Gulf and St. Clare conferences of the St. Vincent De Paul Society, for distribution to the needy. Seated are Annamae Myers of Cato and Melanie Harshbarger of Payless Shoe Source. Standing are Rudy Jung of Bay Carpet and Interiors; Jay Fleuriel, vice president of St. Clare conference; Noreta Robinson, Pauline's Ladies Apparel; Earl Salaun, president, Our Lady of the Gulf conference; and Val Barousse of Metro Office Products. ### Hancock Quilters

The Hancock Quilters have made and donated Christmas ornaments to the Bay St. Louis Junior Auxiliary who gave them to mentally handicapped children, and stuffed pillows to the County Welfare Department for teenage girls in foster homes.

On December 12 a guest speaker, Myrna Steen of Kiln, showed the club how to make old wreaths look like new and how to convert small wreaths into large candle rings for center pieces. Members learned to add 'a personal touch' to angel tree tops and were also shown the technique of beaded Christmas ornaments.

Membership fees are \$10 per year. Please feel welcome to come sit in on our meetings any time. But you won't want to miss our December 19 meeting, there will be a drawing for members. The prize will be a large handmade spool rack that holds 50 spools of thread and bobbins donated by Tommy Bilbo.

On January 2, 1989 we will learn to quilt zig-zag design pillows. Meetings are held the first and third Mondays of each month from 7 to 9 p.m. at various locations. For more information call Pamela Bilbo 255-9811 or Patsy Speights 255-1281.

## Necaise-Bourn

Shani Ann Bourn and Dennis Kirk Necaise exchanged wedding vows November 19 in an afternoon double ring ceremony at the Hancock County Fairgrounds with Supervisor Mike Ladner officiating.

The bride is the daughter of Mr. and Mrs. Jewel H. Bourn Jr. of Bay St. Louis. The groom's parents are Mr. and Mrs. John O. Necaise of Pass Christian.

A white lattice gazebo entwined with greenery flanked by fresh arrangements formed the background for the ceremony.

Nuptial music was presented by organist Mrs. John McKenna of Bay St. Louis.

Given in marriage by her father, the bride wore a tea length gown of white satin fashioned with fitted bodice adorned with sequins and handsewn pearls and Queen Anne neckline. Her long sleeves were closed at the wrists with tiny pearl buttons. A headpiece of white silk flowers adorned with pearls.

She carried a bouquet of white roses, baby's breath and fern.

Lynel Necaise of Pass Christian, sister-in-law of the groom, was matron of honor.

Bridesmaids were Rachel Singleton and Ashley Moran of Pass Christian, cousins of the groom.

The attendants were attired in identical tea length gowns of burgundy taffeta, each with sweetheart neckline, dropped waist and half sleeves.

They carried nosegays of pink silk rosebuds with iridescent pink bows.

Rodney Necaise of Pass Christian, brother of the groom, was best man.

Groomsmen were Buddy Bourn, brother of the bride, and

Neil Bourn, cousin of the bride, both of Bay St. Louis.

Ushers were Don Bourn of Bay St. Louis, uncle of the bride, and Stanley Hoda of Pass Christian, cousin of the groom.

Mrs. Bourn chose for her daughter's wedding a light-rose

gown with lace collar and pleated skirt. The groom's mother was attired in an ivory tea length gown overlaid with lace.

A reception followed the ceremony. Assisting were Mrs. Diane Necaise and Mrs. Becky

Henley, both of Bay St. Louis, cake table; Mrs. Jackie Hoda of Gulfport, punch table; and Mrs. Donna Buszkiewicz of Pass Christian, food table.

On return from a wedding trip to Biloxi, the couple resides in Pass Christian.
